Mysore, I wish to state that the cost of maintenance is being borne by this Department, and only the bills for power charges are being sent to the Municipality every month calculating the charges at 4 annas per unit on the energy consumed However, in view of the rate of other ornamental lights, I am agreeable to charge these lights at the rate of 45/- per year per pillar as in the case of other ornamental lights in the city But the question as to who should pay the royalty on these lights may kindly be decided and intimated to me, to enable me to send the bills every month to the proper authority for acceptance I may here add that the bills sent for the power consumption up to now have not been paid by the Municipality

12 Royalty payable to the Electrical Department is to be borne by Government only in cases in which the ornamental electric lights are to be installed at the instance of Government and even in such cases only the difference between the higher rate fixed for the ornamental lights and the ordinary rate which the Municipality would have paid for the ordinary lights will have to be borne by Government (Vide G O No I 6452-4/ M1 161-22-4 dated 14-4-26)

13 According to the first para of the President's letter, ornamental lights in the Sayyaji Rao Road are proposed to be installed by the Municipality and as such the charges on this account should be borne by the Municipality

14 With regard to the second para of the President's letter viz payment out of State Funds of Royalty on four ornamental lights installed in the Circle in front of the Medical College, the particular order of Government sanctioning their installation (at the instance of Government) and the extra cost to be borne by Government in excess of the ordinary rates which was being paid by the Municipality may be stated

15 The provision in the Budget under "62 General Administration" for Electrical charges is operated on at present by the Chief Electrical Engineer He may be asked to state if there is sufficient provision to meet the extra charges involved in these proposals. It is obviously not desirable to incur charges for which Budget provision will not be adequate.

Returned, with compliments

2P As regards the point raised by the Financial Secretary in para 14 supra about the authority for the installation of the ornamental lights in the Circle in front of the Medical College, I have to state that the work was carried out as per the requisition of the Executive Engineer, Mysore Special Division, who has been meeting the bills in respect of the charges incurred thereon But the point of dispute is only abou the particular department, which has to pay the Royalt due for the power consumed

21 The provision under "12 General Administration iii (1) & (2) Palace & Other Lighting on State Occasions" is intended to cover the charges on account of lighting the several buildings, etc , under the contro of the Palace authorities, besides the Royalty payable on certain ornamental lights installed at the instance of Government or the Palace In addition to the above the charges relating to the Illuminations on State Occ sions, which are not of a fixed nature, but are mainly dependant upon the orders conveyed by the Palace autho rities from time to time, are also debitable to this head It is not, therefore, possible to say that the grant, now provided on an approximate basis, can cover the charges under reference From past experience it is seen that additional grant is usually applied for under this head year after year due to the fluctuating nature of these charges

ELECTRICAL SECRETARIAT
BANGALORE
Reg No 867
Date 2-2-33

The Secretary to the Government
of His Highness the Maharaja of Mysore,
Electrical Department Bangalore

Sir

Installation of Ornamental Lights in the Circle in front of the Medical College Mysore

24 with reference to your letter No 1117 dated 27th January 1933 I have the honour to inform you that these lights were put up at the request of the Executive Engineer, Mysore Special Division who constructed those pillars and he stated in his first letter that the Royalty on these lights would be paid by the President, City Improvement Trust Board Mysore But when actually the bills for the Royalty on these lights were sent up to him he forwarded the same to the President City Municipality who flatly refused to pay the Royalty saying that these lights were installed at the request of the Executive Engineer himself and he should make arrangements to meet the bills

25 I can only give the above information as available and cannot definitely say whether these lights were installed at the instance of Government and not at the instance of the Municipality However the requisition originated from the Executive Engineer Special Division

26 I hope the information is complete to enable Government to pass orders

I have the honour to be

8/2/33. If Please note it, from the info now furnished, the options at paras 13 and 23 have to be accepted and propose a suitable draft to the Hon'ble Minister

Sd/- M.S.K.
8/2/33

3rd Submit that the file may again be sent to the Financial Secretary for perusal in reference to the last sentence of para 23 of the notes thereon, if from the Chief Electrical Engineer's letter dated 7th July 1933, it has been taken that the lights in the Circle in front of the Medical College were installed at the instance of Govt—but at the instance of the municipality. The submission of a draft reply to the Minister depends upon the decision to be taken on this point- hence it is submitted for orders.

Sd/- C.G. 9/2/33

9/2/33 It is reported that the lights in front of the Medical College were installed and ~~lights~~ towers supplied at the instance of the Executive Engineer, Spl Dn, Tmpore, & that the current charges are being heard by that office. It would

Parade 24 (596) of the 9.1.33 X

NOTE—Contn Sheet

perhaps be better to accertain from
the officers at whose instance he
took action in the matter and from
what source the current charges
are being paid by him Information
may also be perhaps obtained
if these ornamental lights are
in addition to the usual street
(corner head) lights (to be provided
by the Municipality) or in place
of those that were in existence
formerly called for orders

CG/
10/2/33

34 Ornamental lights in the Sayani Rao Road

As these are to be installed at the
instance of the Municipality, the royalty on these
has to be paid by the latter. This is the opinion
of the Fin Secy & the Secy Electrical Dept in
in accordance with GO no 26452 4-Ml 161 22-4
Dy 14 4 36 The President however wants sanction
for payment of the royalty out of State funds & this
appears to be inadmissible

35 Ornamental lights in front of the Medical College

Since these lights are stated to have
been put up at the request of the Executive Engineer,
Special Division, and that Officer is stated to have
been meeting the charges incurred thereon - perhaps
after the President & the Mcll refused to pay the same, they
have to seems be treated as having been installed at the

Royalty payable on ornamental lights in the Revised Electric Scheme

G eral and Revenue Secretariat | File No | of 193 | Appx III—2

Serial No

instance of Govt and the charges thereon debited to Govt These lights are perhaps specially put up in addition to the ordinary Street lights & yet so, the entire charge — and not merely the excess over what is payable by the Mfg-ers ordinary lights — have to be met by Govt The Secy Electrical Dept in his note Dy 4233 refers to the Statement of the Ex Engr Special Dam, that the President of the Trust Board would pay the royalty on these lights Much value cannot perhaps be attached to this, as on the refusal of the President to pay the bills the Ex Engineer is stated to be meeting them For these reasons it is for orders if the royalty on these lights may be treated to be charged to Gen Admn'

GENERAL SECRETARIAT 30 SEP 1932 No 1599

SIR

I have the honour to state that it is proposed to have five ornamental electric lights fixed on one side of the continuation of the Sayyaji Rao Road in Bale Urs Layam in place of the three existing overhead lights, to have an uniformity of ornamen al lights along this important road

Similarly, a circle was formed with four ornamental lights in front of the Medical College under instructions at a cost of about Rs 5,000/- The Electrical Department is sending the bills of maintenance charges to the Municipality The maintenance of the ornamental lights in the circle may as usual vest with the Electrical Department, the royalty on lights being paid out of State Funds as in the case of other ornamental lights

I request you therefore that you will be so good as to obtain sanction of Government for payment of royalty on these lights out of State Funds including those to be fixed in Sayyaji Rao Road

1 G O No L 6452-4/M1 161-22-4 dated 14-4-1926 passing orders regarding the apportionment of charges between the Municipality and the Government in respect of the installation and maintenance of the several kinds of electric lights in the Mysore City

2 G O No L 6188-92/M1 83-26-5 dated 4th March 1927 fixing for a period of ten years from 1st July 1926 the royalt to be paid by the Municipal Councils of Bangalore and Mysore Cities for street electric lighting

3 Letter No G T 508 dated 28th September 1932, from the President, City Municipal Council, Mysore, requesting sanction for the payment of royalty out of State Funds on the five ornamental electric lghts fixed on one side of the continuation of the Sayyaji Rao Road in Bale Urs Layam in place of the three existing overhead lights and on the four ornamental lights in front of the Medical College

- - - - - -

ORDER NO L 6397-99

Dated, Bangalore, the 1st April 193

According to the principles enunciated in Paras 3 and 4 of Government Order of April 1926 referred to above, royalty payable to the Electrical Department is to be borne by Government only in cases in which the ornamental electric

lights are ~~to be~~ installed at the instance of Government and ~~even~~ in such cases only the difference between the higher rate fixed for the ornamental lights and the ordinary rate which the Municipality would have paid for the ordinary lights will have to be borne by Government In the present case as the ornamental lights in the Sayyaji Rao Road are to be installed at the instance of the Municipality, the proposal of the President for payment of the royalty out of State Funds is not admissible and the royalty on these lights has to be paid by the Municipality

As regards the ornamental lights in front of the Medical College, it is stated that these lights have been put up at the request of the Executive Engineer, Special Division, who has been meeting the charges incurred thereon Government consider that these lights have to be treated as having been installed at the instance of Government in addition to the ordinary street lights and accordingly direct that the royalty on these lights be charged to "12 General Administration"

To The General Secretary to Govt

The President, City Municipal Council, Mysore
" Comptroller to Government (Revenue Finance Section)
" Secretary to Government, Electrical Department
